

Confined Spaces Training Course

BASICS

This programme is designed for Managers, Supervisors and Operatives who may be required to make an emergency evacuation from a confined space using escape breathing apparatus. It includes but is not limited to:

- Confined Space Regulations 1997, associated legislation and ACOP
- Methods of risk control
- Atmospheric monitoring
- Health hazards and control
- Safety equipment and pre-use checks
- Escape breathing apparatus
- Practical exercise and assessment

THE COURSE

By the end of the course delegates will be able to:

- Summarise the requirements of the Confined Space legislation and the associated ACOP
- Identify a confined space and its reasonable foreseeable risks
- Select appropriate methods of risk control
- Select appropriate safety equipment that may be used when entering a confined space and carry out appropriate pre-use checks

Conduct an entry into a confined space using escape breathing apparatus and appropriate ancillary safety equipment, in a safe and efficient manner.

The content of this course includes awareness of periodic examinations of equipment. The course does not provide full training in maintenance of equipment. Additional training relating to this subject may be of benefit to delegates (further information available upon request).

This course is a 1day course and starts between 8.00 and 9.00am and finishes at approximately 3.00 – 3.30pm. This includes a break for lunch. The course will provide delegates with a thorough understanding of confined spaces, the associated legislation, approved code of practice (ACOP), dangers associated with confined spaces and to the ability to enter, work and leave them safely by horizontal and/or vertical entry.

COST

Price for the training is per delegate, per course and exclusive of VAT:

No of Delegates	Price
1 – 6	£125
7 - 9	£115
10 – 12	£105
